For the scenario below identify the entities, their attributes and appropriate keys
The Angel Warehouse

The Angel Warehouse stores items for its parent company. The warehouse is organised into bays, which are storage areas, but the items themselves are stored in bins. Each bay contains a number of bins. Each bay is identified by a unique bay number and the bay location and the height of the bay are recorded. Each bin has a different number within the bay, always starting with bin no. 1, and while some bays have only 5 bins some have over 50. The size of each bin is recorded.

Some bays have a parking spot for one fork lift to help move items round the warehouse and lift items into bins. Each fork lift is allocated to a bay. Each fork lift has a unique equipment number and the maximum carrying weight of the fork lift needs to be known. Some fork lifts are petrol driven while some are electric.

For all bins the maximum loaded weight must be known.

When an item is taken into the warehouse it is assigned a unique number and the date is recorded as well as the item weight. Bins can store a number of items and when an item is put in a particular bin this date is also recorded. Items can be moved back and forth between bays and bins to optimise the warehouse storage.

Bay (Entity)
    Bay Number – A1 (key)
    Location – North Wing
    Height – 15 feet
Bin (Entity)
    Bay Number – A1 (foreign key to Bay)
    Bin Number – 1 (key, unique within each bay)
    Size – 50 cubic feet
    Max Loaded Weight – 1000kg
Forklift (Entity)
    Equipment Number – FL12345 (key)
    Bay Number – A1 (foreign key to Bay)
    Max Carrying Weight – 2000kg
    Fuel Type – Electric
Item (Entity)
    Item Number – 98765 (key)
    Weight – 20kg
    Date Stored – 1st September 2023
Item Transfer (Event/Action Entity)
    Item Number – 98765 (foreign key to Item)
    Bin Number – 1 (foreign key to Bin)
    Bay Number – A1 (foreign key to Bay)
    Date Placed – 1st September 2023

Example Queries:
1. Which bays have bins with a maximum loaded weight greater than 500kg?
2. What is the total weight of all items stored in bin 1 in bay A1?
3. Which forklifts are allocated to electric-powered bays?
4. Which items were placed into bins after 1st September 2023?
5. How many bins are there in each bay?
